

Jerusalem Stone Series

Florence Weisz at Gallery Lev Shalem

January 20 through April 23, 2009

Opening reception: Friday, January 30, 8:15pm

A complicated love of Jerusalem infuses the latest collages of Florence Weisz. The Jerusalem Stone Series is an unfolding response to the ancient stones of Jerusalem's Old City. These innovative compositions seamlessly combine digital photographs with alcohol-based ink textures. At once austere and complex, Florence's collages are as abstract as the emotions they evoke.
